## ABOUT ME

I'm a passionate front-end developer with a strong drive for building modern, user-friendly interfaces using the latest technologies. I'm expanding my expertise by diving into Cloud Applied Gen and Agentic AI through the Governor Initiative for Artificial Intelligence, Web3, and Metaverse.

## SKILLS

### PROFESSIONAL

- HTML5 / CSS
- Javascript / TypeScript
- Next.js (React)
- Tailwind CSS
- UI/UX Design Principles
- Version Control (Git)
- Agile development

## WORKING EXPERIENCE

### INTERNSHIP

CodSoft Company | Mar 2024 - Apr 2024

- During my web development internship at Cod Soft (March - April 2024), I gained hands-on experience in modern web technologies, enhancing my skills in front-end development, responsive design, and user experience optimization. I contributed to real-world projects, collaborating with a team to develop dynamic and interactive web applications.

## EDUCATION

### MATRIC

Little Star Public School  
2020

### INTERMEDIATE

Pakistan Degree Collage,  
Saeedpur  
2022
